

The women's hostel, '**Thejaswini**' is situated on the south-eastern side of the campus. The women's hostel comprises of two blocks, out of which the new annex constructed in 2014-15 is three storey building. The old block spans an area of 12,260 sq.ft. and houses under-graduate students, whereas the new block with an area of 1152 sq.m. hosts post-graduate women scholars. The plan and design of the hostel ensures adequate privacy, independence, spacious courtyards, sufficient light and ventilation. The buildings have been constructed in the open layout concept and 2 sets of washrooms are grouped and isolated with easy access to living areas on each floor.

Recreation facilities have been furnished in the space above the lobby, with audio-video facilities. Four guest rooms are located at one end of the longer wing and have private access to facilitate independent functioning. Both the hostels have been provided with central broadband internet facility over Wi-Fi and a computer room with 2 computers each, printers and scanners. The kitchen has been equipped with modern amenities, along with refrigerators and deep freezers. The dining area is commodious, well-lit and aerated with adequate arrangements to seat all its inmates.
